Website: ovaigroup.com

Mailing Address: 4889 Sinclair Rd., Suite 210, Columbus, OH 43220

Brief Description of Services: OVAI is headquartered in Columbus, Ohio but provides innovative cultural resource management solutions worldwide. OVAI has the in-house capability to provide a wide range of cultural resource management support services such as: Phase I-III surveys and reporting; archaeological geophysical survey; development of archaeological sensitivity models; collections management and curation; historical research; history/architecture surveys; ICRMPs, MOAs, and PAs; and public education and outreach. OVAI has successfully completed multiple large and small contracts for NAVFAC, the U.S. Forest Service, the NPS, and the USACE and have completed five missions as a partner with the Department of Defense-Defense POW/MIA Accounting Agency (DPAA).

Paleoinsect Research

Primary Contact: Martin E. Adams, M.A., RPA

Email: paleoinsect@gmail.com

Phone: 503-863-9167 or 971-260-0052

Website: paleoinsect.com

Mailing Address: PO Box 144, Clatskanie, OR 97016

Brief Description of Services: Paleoinsect Research specializes in the identification and analysis of insect remains at archaeological sites. Insect remains in these contexts are a virtually untapped resource that can provide a wealth of information about past climates and environments, personal hygiene and living conditions, subsistence practices, and more. Furthermore, insect remains can be recovered in a variety of matrices, including peat deposits and privy deposits, in both prehistoric and historic contexts. Whether you are interested in identifying a single insect found at your site or a full-scale data recovery, e-mail Martin to find out what Paleoinsect Research can do for you!

Power Engineers, Inc.

Primary Contact: Michael H. Dice, MA, RPA

Email: michael.dice@powereng.com

Phone: 714-507-2755

Website: www.powereng.com

Mailing Address: 731 East Ball Rd, Suite 100, Anaheim, CA 92805

Brief Description of Services: The environmental division of Power Engineers, Inc. provides our clients with a highly experienced full-service cultural resource management team. Our staff scientists possess expertise throughout the US in all phases of prehistoric and historical archaeology, artifact and faunal analysis, tribal coordination, and historic preservation. Cultural resource staff focus on complex multidisciplinary infrastructure projects, to smaller projects that demand competitive costing and quick turnaround. Our relationships with our client base are generally long term and highly reliable, and our understanding of NEPA, SEPA, Section 106 and Executive Order 05-05 underscores our commitments to our clients and to the environment.

DISCLAIMER: The following businesses/individuals have requested inclusion in the Association for Washington Archaeology (AWA) Consultant List as providers of archaeological and/or cultural resource management services.
